

OP Financial Group's Financial
Statements Bulletin
1 January–31 December 2022
Background material

Summary of 2022

- Despite the uncertain operating environment, OP Financial Group's earnings before tax improved by 12%, reaching an excellent level of EUR 1,265 million.
- Total income increased by two per cent and total expenses decreased by one per cent, year on year. Income from customer business increased by 10 per cent.
- All three business segments performed very well last year. Earnings by Retail Banking were particularly strong. In the insurance business, claims expenditure returned to its pre-pandemic level.
- Despite the weaker economic situation, the loan repayment capacity of personal and corporate customers remained good.
- Earnings before tax for 2023 are expected to be higher than in 2022.

Central Cooperative

Retail Banking

The Retail Banking segment consists of banking for private and SME customers at OP cooperative banks and at the central cooperative consolidated.

- OP Mortgage Bank
- OP Retail Customers plc

Corporate Banking

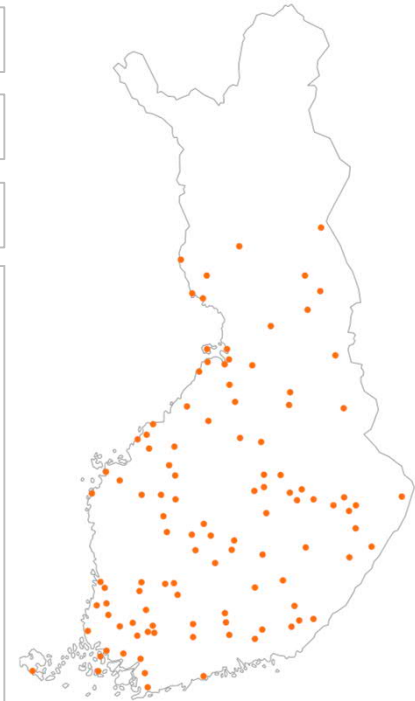

The Corporate Banking segment consists of banking and asset management services for corporate and institutional customers.

- OP Corporate Bank plc
- OP Fund Management Company Ltd
- OP Asset Management Ltd
- OP Real Estate Asset Management Ltd

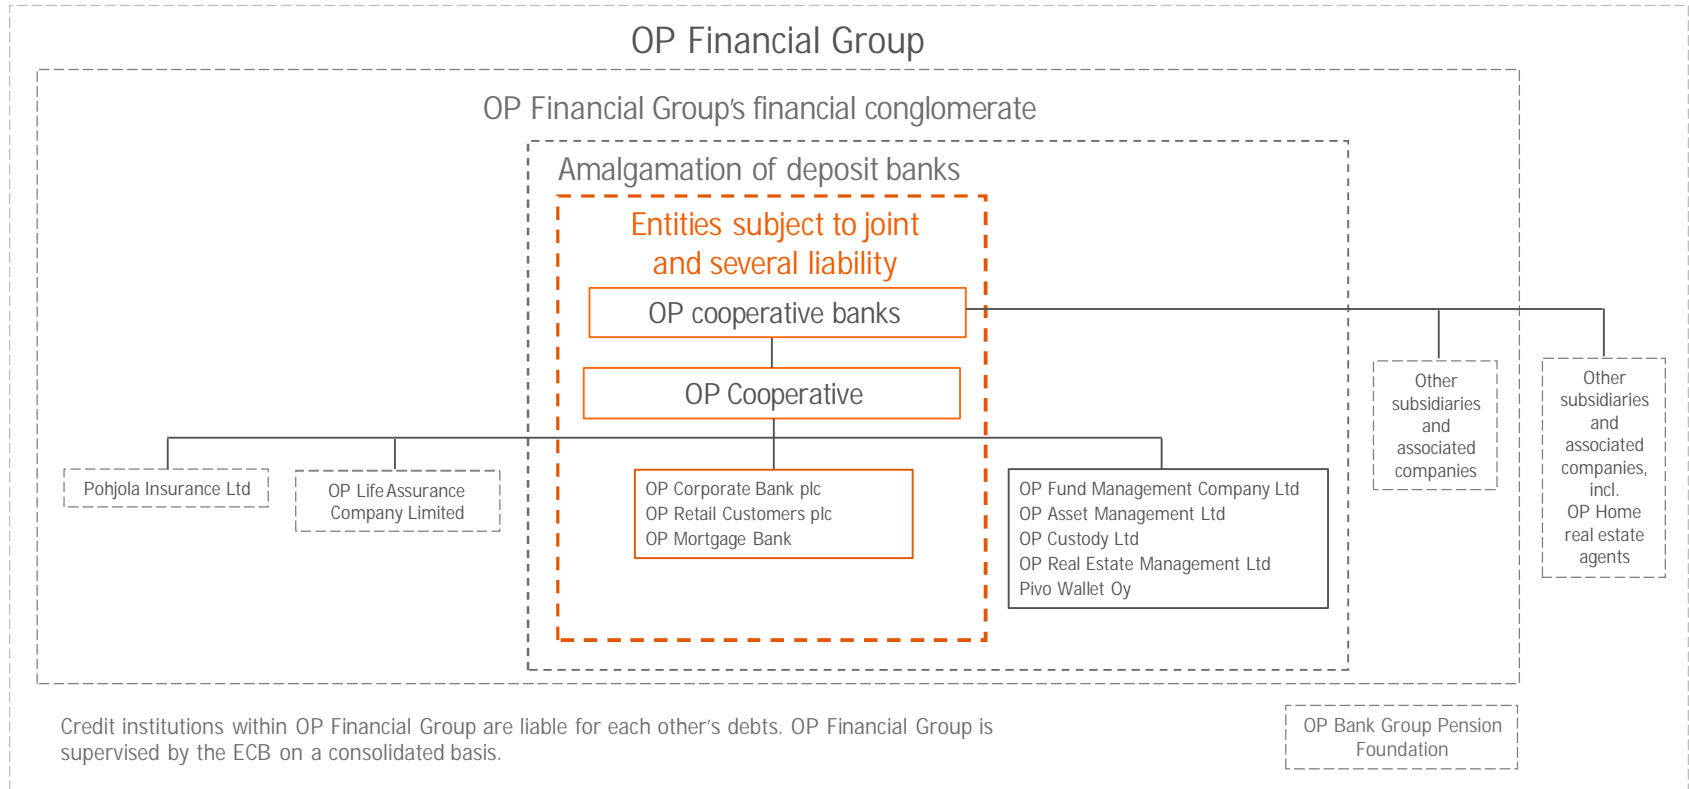

Insurance

The Insurance segment comprises Pohjola Insurance and OP Life Assurance Company.

- Pohjola Insurance Ltd
- OP Life Assurance Company Ltd

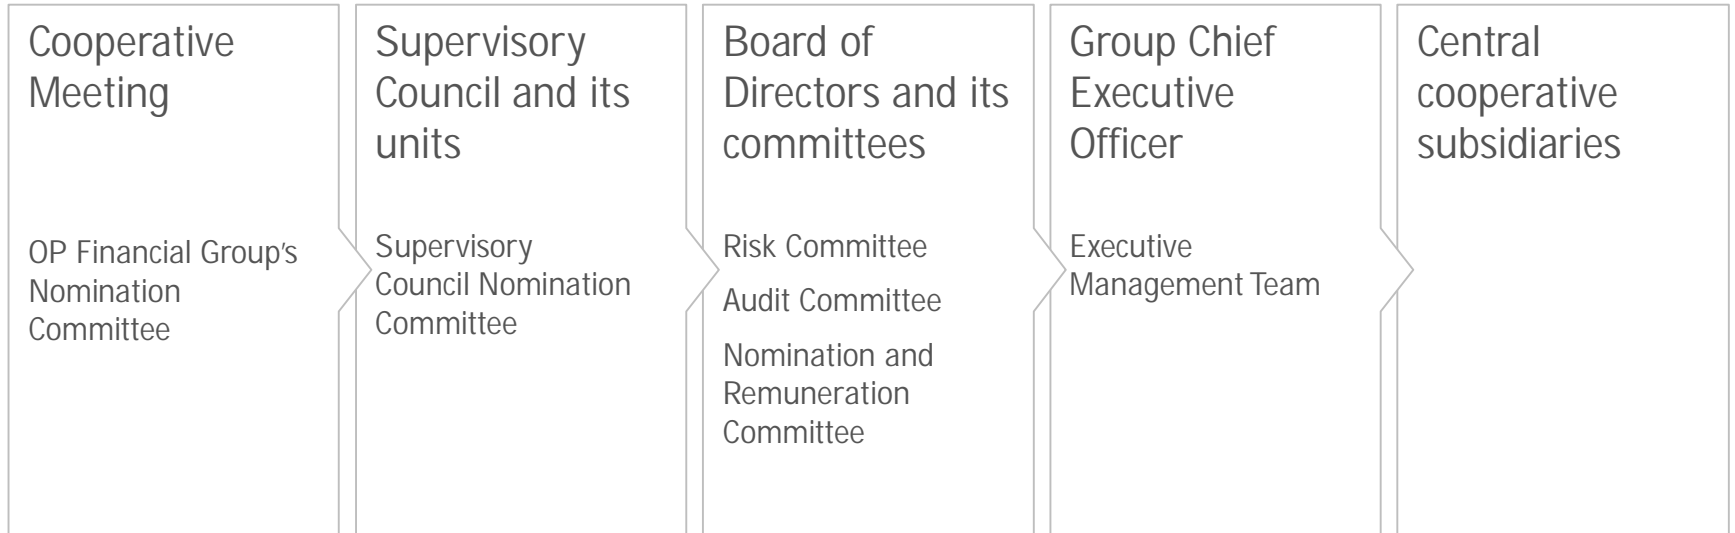

OP Financial Group's amalgamation structure

Joint Liability

- Under the Act on the Amalgamation of Deposit Banks (Laki talletuspankkien yhteenliittymästä Act), the amalgamation of the cooperative banks comprises the organisation's central cooperative (OP Cooperative), its member credit institutions and the companies belonging to their consolidation groups, as well as credit and financial institutions and service companies in which the above-mentioned entities together hold more than half of the total votes.
- The central cooperative's member credit institutions at the end of the report period comprised OP Financial Group's member cooperative banks as well as OP Corporate Bank plc, OP Mortgage Bank and OP Retail Customers plc.
- By virtue of the Act on the Amalgamation of Deposit Banks, the central cooperative has both the right to control its credit institutions and the obligation to supervise their operations. The amalgamation of deposit banks is supervised on a consolidated basis. As laid down in applicable law, the member credit institutions and OP Cooperative are ultimately jointly and severally liable for each other's debts and commitments. OP Financial Group's insurance companies, for example, do not therefore fall within the scope of joint liability.

Capital requirements

Capital adequacy for credit institutions

CET1 ratio **17.4%**

Capital adequacy ratio **19.3%**

The Group's operations are based on the Act on the Amalgamation of Deposit Banks.

The Act on the Amalgamation of Deposit Banks sets the minimum capital for the amalgamation of cooperative banks, which is calculated according to the CRR rules and the Act on Credit Institutions.

The amalgamation of cooperative banks consists of the amalgamation's central institution (OP Cooperative), its member credit institutions and the companies belonging to their consolidation groups. Although OP Financial Group's insurance companies do not belong to the amalgamation of the cooperative banks, investments made in them have a major impact on capital adequacy calculated in accordance with the capital adequacy regulations for credit institutions.

Solvency II for insurance companies

Solvency ratio, Non-life insurance **247%**

Solvency ratio, Life insurance **269%***

The operations and solvency requirements for insurance companies are based on the Insurance Companies Act and EU regulation.

The solvency capital requirement (SCR) is calculated for individual insurance companies and the insurance conglomerate. The companies are required to cover SCR using the Group's sufficient buffer specified internally.

Eligible capital covers solvency requirements.

The scope of an insurance conglomerate is the same as the scope of the financial and insurance conglomerate referred to in the Act on the Supervision of Financial and Insurance Conglomerates.

*Including transitional provisions

Capital adequacy ratio under the Act on the Supervision of Financial and Insurance Conglomerates (FiCo)

Conglomerate's capital adequacy ratio **137%**

OP Financial Group is a financial and insurance conglomerate referred to in the Act on the Supervision of Financial and Insurance Conglomerates. Such conglomerates are governed by specific provisions of the capital adequacy requirement.

Capital adequacy under the Act is calculated using the consolidation method, whereby items not included in the capital base, under the regulations for the banking or insurance industry, are added to the equity capital in the conglomerate's balance sheet.

The capital base may not include items not available for covering the losses of other companies belonging to the conglomerate.

The financial and insurance conglomerate's minimum capital requirement consists of the credit institutions' consolidated minimum capital requirement, buffers included, and the insurance companies' combined solvency capital requirements (SCR).
